

To the Fcc in reference to K Love 96.9 radio station in Ohio and the impact it has on us as a Nation.

My name: Katherine Ann Love

My Address: 1422 Madison Ave. Piqua Ohio

RECEIVED & INSPECTED

NOV 04 2004

FCC MAILROOM

1. How has K Love served me: I listen to K Love whenever the radio is on. In my car, in my classroom, and at home. It is always uplifting and encouraging. I never have to worry about the language my grandchildren might hear. I never have to worry about drugs, rape or killing being talked about. It is a great family station.

2. What are the effects this station has on the community? Whenever I go on a field trip with my class I always have K Love on and the children who listen sing along about good things. Our children are our future and it is important what we fill their heart with good things. This may prevent another school killings.

3. Why I think K Love is in the public best interest to keep? There is not much that talks about good healthy subject and has encouraging music. Music does a lot for people. It can put you in good moods or can encourage your bad mood depending on what you are feeding your mind. Please don't take away the one good thing we have to encourage people to make good choice and be positive about life. This station gives hope to the hurting, Encouragement to the struggling, And a hope for the future.

Thank you for your time,

Katherine A. Love
Barry Love

MB Docket No. 04-233

To Whom It May Concern

I just needed to write and say that the K-LOVE radio station has been very instrumental in sending positive and encouraging messages to me as a resident during times in my life that I needed to hear it. As a person I look to this type of broadcasting.

I am concerned for all of us who listen to K-LOVE for all the same reasons "Positive and Encouraging" messages in the midst of crises or just regular every day struggles is a need for many of us.

I believe that K-LOVE is a valuable and rare station that serves the public interest. I am concerned that it is at risk of being forced off the air. I have always wished that there would be more stations like K-LOVE to reach even more people.

Not everyone is capable of reaching out for help. This station reaches many in need of encouragement and help and for some; it could be their only resource at times.

Sincerely

Janet Marie Junio

Re: MB Docket No. 04-233

DOCKET FILE COPY ORIGINAL

Dear Sir or Madam:

I'm writing to tell you how important KLOVE Radio is to my family & me.

I appreciate being able to listen to a station free of commercials, foul language, negative lyrics, and such.

I love hearing my 3 and 5-year old children singing along. I don't have to worry about what they are singing. We financially support KLOVE.

Without KLOVE, the local community would not have any other choice in radio where people could find positive, encouraging music and talk that is not offensive. KLOVE supports healthy families!

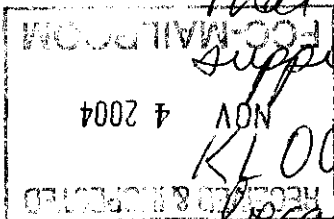

KLOVE is in the public interest because it does support and encourage the family, whereas other stations support the opposite with the songs they play and the commercials they use.

There is nothing wrong with having a Christian world view and Christians have the right to hear stations like KLOVE.

O~

Thank You.

Erick + Gina Miller + family

Fee,

I am writing to you about the proposal that you are considering about LPFM. Please do not replace K-LOVE! Our Community & our Society in general NEEDS K-LOVE, and other stations like it. Our world needs to know that our God loves us & wants the best for us. So many people are hunting & dying without knowing that our Heavenly Father can restore us & make all things new! Unfortunately society has Enough forced tearing it down, on & off the radio. Please don't add more. I'm VERY proud to support K-LOVE, and will continue to do so. It is in our society's BEST interest to know that our God LOVES them & you!!

O. Sincerely,
Ryle Morris

FCC - MAILROOM

DOCKET COPY ORIGINAL October 26, 2004

To Whom It May Concern,

We are writing this letter in response to the news that the FCC may be expanding LPFM service to take priority over FM translators. This might leave us without a signal strong enough to receive our K-LOVE radio station. This would be a grievous error on the part of the FCC if this were allowed to happen.

Our family began listening to our local K-LOVE radio station in Denver, Colorado about three years ago. (91.1FM) We chose to change from listening to mainstream Country music to K-LOVE because we couldn't trust what was coming from the mainstream radio. Many times we would be listening to the radio as a family, and off-color jokes or remarks would come blaring at us with no warning. As parents of young children, we are charged with the responsibility of raising our children with strong moral values. Listening to mainstream radio was undercutting our responsibility. We had to make the change.

Since switching to K-LOVE our family has not had to be concerned about any negative things we hear on the radio. As parents, we even feel safe to let our children listen to K-LOVE when we may not be physically present. Our lives have certainly been enriched since listening to K-LOVE, the station has sometimes been a springboard for us to have conversations with our children about issues affecting our children and family. Issues like making good choices. The lives of those in our community as well as other communities that K-LOVE reaches have been positively impacted as well. We have heard via radio of many lives that have been touched through the uplifting message heard on K-LOVE. Many lives have literally been saved. We have heard of people who were contemplating suicide that decided not to end their lives and to seek help as a direct result of a message they heard on K-LOVE.

Because of our personal experience with K-LOVE, and the stories we have heard coming from the other areas that K-LOVE reaches, it would most certainly be in the public interest to leave K-LOVE alone and not let LPFM take precedence over it. There is no other radio station like K-LOVE for us as a family and for others to choose from. While it is true that we have other Christian radio stations in our area, most of them are talk radio, and while that is important, it doesn't really give families with children much choice to listen. Many topics discussed on talk radio are too complicated for children to understand, or too adult for them to even be a part of.

It is also evident to us that K-LOVE is in the public interest because it is supported by the donations of its listeners. It is an organization that is not allowed to receive funds by commercial support per FCC regulations. If the station weren't wanted it wouldn't receive support and therefore would no longer exist. As financial supporters of K-LOVE, it concerns us greatly that those who may not know of K-LOVE's purpose and success could be responsible for removing it from the air. If K-LOVE were off the air, countless lives would be negatively impacted. Certainly we know that our family would be. Of even greater concern than our lives, would be those lives potentially lost through the tragedy of suicide if the positive message and help of K-LOVE were not available. Please do not remove K-LOVE from our airwaves!!! Thank you for your time and consideration in this important matter.

To Whom It May Concern:
Subject: AIR 1 Radio Station

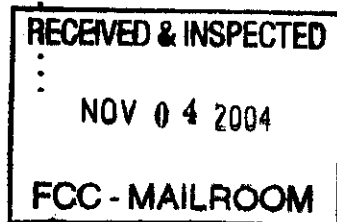

This letter is in regards to Air 1 Radio Station and their future on the air. We receive an Air 1 signal in our area on 90.7 FM. This radio station is vitally important to our family. We listen to it at home, at work and in the car with our children. As members of the Christian religion, this radio station serves a very important purpose for us. We worship God and are uplifted as we listen to the music and reports on our local Air 1 station. If Air 1 were to be displaced by an LPFM broadcaster, it would effect our spiritual life greatly. We use Air 1 as a great support system in our religion and in our community. This station unites many believers across the nation, worshiping simultaneously as we listen across the country. Our family does not have internet access, and therefore would not be able to listen to Air 1 online. If this station ceased to exist, it would be extremely upsetting to the thousands of listeners, in our county alone. Please, consider the hundreds of thousands of people who are becoming better people and who are encouraged daily through this station. It is definitely in the public's interest to keep this station in operation. I implore you NOT to allow the LPFM broadcasters to have priority in our area. Air 1 is the only station of it's kind in my local area and if it were to be replaced, there is no guarantee that the new station would serve me the way Air 1 does. Thank you for listening to the public.

Sincerely,

Dear Sir or Madam:

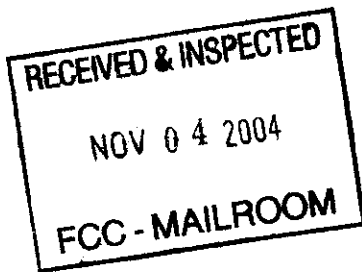

Hello, I am writing you today to let you know how I feel about K-Love. I think is a wonderful station and it is here to help out our community. It helps promote a positive and uplifting way of living. It has changed so many lives. It would be a very sad thing to see it go. I really want to stress on you that it is very important to have K-Love in our community during times like this. I have heard so many people who have had a big change in their lives because of K-Love. My family is one of them. I believe that it is in the community best interest to keep K-Love going. We are a better world because of K-Love. Thank you for your time on this matter.

Sincerely,

Sandra Ann Buck

Dear Sirs

I wanted to write three things about
the radio. I think about it a lot. I love playing on
my local radio station, and I love
the people who listen to it. I'm happy and
excited to play on a station where I
can be a part of the community. I want
to be a part of the community that listens to
Christian music and wants to hear the
message of the Gospel. They're not hurting
anybody else and it's a positive and
encouraging to Christians.

I ask you to please support the radio playing
for the love of the Lord.

Sincerely,
Steve L. Hicks

To whom it may Concern, in reference to
the " MB Docket No. 04-233".

I am a ~~Twenty~~ ^{Twenty}-nine year old
women who has been ~~married~~ ^{married}
for 8 years. I have two children
and my family listens to K-love
Radio station.

It has been brought to my
attention that the FCC is trying
to switch from Fm translator
to a Low Power Fm, which in return
will effect my K-love radio station.
I am deeply disturbed by this
News. My family and I have
been encouraged and uplifted by
this radio station. My husband listens
to K-love everyday while driving around
for his job. He has told me he doesn't
know what he would do without K-love
radio. In a very stressful buisness day he
finds hope in the music from K-love.

My two children love K-Love radio, my three year old sings the songs on the radio. I don't have to worry about what she hears. I know she won't be hearing vulgar language and songs ^{with} explicit information about sex. This kind of music shouldn't even be aloud on the radio.

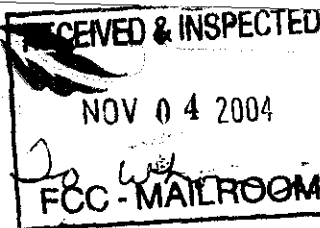

In today's world where everyone is out for themselves, it's nice to turn on a radio station that is encouraging you to be kind to others.

K-Love isn't just a radio station, it is food for our souls.

Sincerely,

Crystal J. Juran

I am asking ^{that you please} keep K-Love on FM translators. I live in Merdous County and have a hard time getting alot of radio stations. K-Love has helped me in my walk with the Lord, and I know many others also. So please keep it as is. Thank you for reading my letter. May God Bless you all through this too!

DOCKET FILE

RECEIVED & INSPECTED

NOV 04 2004

FCC - MAIL ROOM

I understand that LPFM advocates feel that there is little value in nat'l or regional services (such as K-Love) often on FM translators. K-Love is very positive, encouraging & faith building. I never have to worry about who is listening; They connect listeners with local services when needed & pray for those with problems. If it were to be displaced by an LPFM broadcaster of other program, I would no longer have a safe place to go to on my radio. In a country in chaos like ours, it is entirely in the public interest to keep ^(K-Love's) services running. Hopeless people find hope at K-Love, & young children can openly sing along to their music. Please don't force K-Love off the air in any part of the country.

Sincerely,

Ling Ann-Bennett

Dear FCC,

DOCKET FILE COPY ORIGINAL

We started listening to K-Love about 2 years ago and it has been a tremendous blessing to our whole family. We listen in our cars when were going to work and school. We listen at home.

This station has been very comforting when you walk through struggles or just going through some tough times. The thought of this station having less power and possibly fading in and out makes me very upset.

There are plenty of secular stations with lots of power.

We need this station to stay on full frequency so we can hear the worship music whenever we want and enjoy no interruptions with fading in & out. Many

family and friends of mine
are blessed by this station and
we need to keep positive music
strong on the airwaves.

This station plays music the
whole family can listen to and
be blessed.

Please do not change this
station to LPFM

Thank you so much!
The McElroy family
Randy, Paula
Christina, Tiffany
